

Become a Bug Bunch Ranger and discover the location of each of these bugs. There are 31 in total, 1 on each of the Gift to Nature sites. If you manage to **find 10** of them, you will earn a Bug Bunch medal.

Get started by choosing a site to visit. At the entrance, you will see an activity pillar like this one.

Which bug does it show? Record your discovery by writing the name of the site next to the bug on this sheet.

Now on to the next one...

 Wood Ant		 Woodlouse		 Bee-Fly		 Ladybird	
 Spider		 Grasshopper		 Tiger Moth		 Bumble Bee
