Volunteer Code of Conduct

To create a healthy and happy work environment, we expect volunteers to:

- Treat one another with respect and consideration
- Work with honesty and integrity
- Work co-operatively with other team members
- Follow skills training and safety procedures to the best of your ability
- Ask for help or additional training as required
- Immediately report any workplace incident of discrimination, bullying or harassment
- Natural Enterprise is a non-smoking organisation

How we use your data

We will inform you of volunteer opportunities via email and may use text/telephone to inform you of volunteer task cancellation or changes to meeting times, for example due to last minute staff absence. Task leaders may also need to contact you via email, text or telephone for various operational reasons. We may also send you newsletters regarding Gift to Nature or Island Rivers Partnership. Your emergency contact and any relevant medical details will only be used in the event of an emergency. With regards to medical information, you have the opportunity to either complete the form or verbally inform your task leader of any relevant conditions to the work you are doing. This is optional but can be very helpful for volunteer care in the event of an emergency. You can opt out of all or any of the above at any time by informing us in writing or verbally. If you no longer wish to volunteer, please inform us either in writing or verbally and all your data will be deleted.
